

MOSYCLE

FRIENDLY REMINDER

Due to the limitation of document size, the electronic design document cannot fully show the details of the design, but only the general appearance of the design. If you are interested in some of the design documents, you can long for a complete design document so that you can see more details about the design.

SELECTION CEMENTS

The image features a dark, greyish-blue background with a complex, marbled texture. The texture consists of various veins, swirls, and patches of lighter and darker shades, giving it a natural, stone-like appearance. The text "SELECTION CEMENTS" is centered at the top in a bold, white, sans-serif font. The background is split vertically by a thin white line, with the text spanning across both halves.
